## Getting to/from Frankfurt (AM) Airport by Train

Frankfurt Airport has 2 railway stations - all S-Bahn commuter trains and regional trains arrive in Terminal 1, Level 1 and long-distance trains arrive at the Long-distance Train Station, which is situated right next to Terminal 1 in walking distance from your Air Namibia Check-in Counter.

## Getting to/from Frankfurt (AM) Airport by Car

## Terminal 1

Coming from the highways A3 and A5 or federal road B43, follow the signs to "Terminal 1". In Area A (route to Arrivals), there are entrances directly to the underground garage ("P 1") and to multi-story car park ("P 2" and "P 3"). In Area C there are further entrances to the underground garage ("P4") and to the parking garage ("P5").

Underground and parking garages are open 24 hours a day. Vehicles are permitted to stop right outside terminals for short periods of time (about 15 minutes) only. It is therefore better and more comfortable to go straight to the parking garage. There are weather-protected, well signposted footpaths from all parking garages to terminal 1.

Note that entrances to parking garages are 2.1 meters (6'10") in height.

Further details on parking at the airport can be obtained by telephone at any time: Tel. +49 (0) 69 690 78888.

## Making your way to the Gate

The check-in staff will advise you of the gate number of your flight. Should a change have become necessary at short notice, you will receive up-to-date information on the information boards and screens which are situated all over the terminal. Please proceed to the gate area one hour before departure. For Air Namibia Business class passengers the Lufthansa Business class lounges are available, which are situated in close proximity to your departure gate.

**Check-In Counters For Air Namibia:** Terminal 1, Level 2, departure hall B, Counter No. 671 - 678

## Check-In
